1. IDENTIFICATION

Product Name: Mojito Fragrance
Other Names:
Product Use Description: Fragrance for Consumer Product.

Contact Information:

Organisation	Location	Telephone	Ask For
Adelaide Moulding and Candle Supplies	7 Woodlands Terrace Edwardstown, South Australia, 5039	08 8294 0451	SDS Officer
Poisons Information Centre		13 11 26	

2. HAZARD IDENTIFICATION

Classification of Substance of Mixture:
Flammable Liquids (Category 4)
Skin Corrosion/Irritation (Category 2)
Acute Toxicity-ORAL (Category 5)
Hazardous to the Aquatic Environment Acute (Category 3)
Hazardous to the Aquatic Environment Chronic (Category 2)
Serious Eye Damage/Irritation (Category 2A)
Skin-Sensitisation (Category 1B)
Aspiration Hazard (Category 1)

Hazard Pictogram(s):

Signal Word: DANGER

Hazard Statements (s):
H226 Flammable liquid and vapour.
H315 Causes skin irritation.
H303 May be harmful if swallowed.
H402 Harmful to aquatic life.
H411 Toxic to aquatic life with long lasting effects.
H319 Causes serious eye irritation.
H317 May cause an allergic skin reaction.
H304 May be fatal if swallowed and enters airways.

Precautionary Statements(s):
P210 Keep away from heat, sparks, open flames, and hot surfaces. - No smoking.
P233 Keep container tightly closed.
P240 Ground/bond container and receiving equipment.
P241 Use explosion-proof electrical/ventilating/lighting equipment.
P501 Dispose of contents/container to an approved waste disposal plant.
P243 Take precautionary measures against static discharge.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
P303 + P361 + P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.
P370 + P378 In case of fire: Use dry agent (powder) for extinction.
P403 + P235 Store in a well-ventilated place. Keep cool.
P273 Avoid release to the environment.
P391 Collect spillage.
P264 Wash thoroughly after handling.
P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337 + P313 If eye irritation persists: Get medical advice/attention.

P301 + P310 IF SWALLOWED: Immediately call a POISON CENTRE or doctor/physician.
P331 Do NOT induce vomiting.
P405 Store locked up.

Other Hazards: None

3. COMPOSITION/INFORMATION ON INGREDIENTS

Mixtures:

EC No.	CAS No.	Description	GHS Classification	Concentration
229-352-5	6485-40-1 or 99-49-0	(5R)-2-methyl-5-prop-1-en-2-ylcyclohex-2-en-1-one	ATO 4 (H302)	>=10.0 <=30.0

4. FIRST AID MEASURES

Ingestion: Call a POISON CENTRE or doctor/physician if you feel unwell.
Do NOT induce vomiting. IF SWALLOWED: Immediately call a POISON CENTRE or doctor/physician

Skin Contact: Take off contaminated clothing and wash before reuse.
IF ON SKIN: Wash with plenty of soap and water.
If skin irritation or rash occurs: Get medical advice/attention.

Eye Contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Inhalation: No damage to health expected, avoid inhalation.

Chronic Exposure: May cause coughing, dizziness, dullness, and headache.

Most important symptoms and effects both acute and delayed: No information available on the product itself.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media: Dry agent (powder), Foam.

Unsuitable extinguishing media: Coarse water spray(jets)
Fine water spray (fog)

Hazardous Combustion Products: Reacts violently. Chemical must be prevented from entering drains or watercourses.

Advice for Fire Fighters: Breathing apparatus is only required in the case of fire.

Hazchem Code: 3(Y)

6. ACCIDENTAL RELEASE MEASURES

Protective Equipment: Chemical safety goggles must be worn.
Handle the product using protective gloves.

Personal Precautions: Remove all ignition sources and ventilate area.
Avoid contact with skin and inhalation of its vapours or smoke.

Emergency Procedures: No specific advice other than above.

Environmental Precautions: Should not be released into the environment.
Keep contained to prevent contamination of drains, soil, or ground water.

Methods and Suitable materials for containment and cleaning up: Dam up.
Cover with an inert, inorganic, non-combustible absorbent material (e.g. drylime, sand, soda ash).
Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.

7. HANDLING AND STORAGE

Precautions to prevent fire: Keep away from ignition sources and naked flames. When using do not smoke.

Measures to protect the environment: Dispose of rinse water in accordance with local and national regulations.

Advice on general Occupational hygiene: **A**void excessive inhalation of concentrated vapours. Follow good manufacturing practices for A housekeeping and personal hygiene. Wash any exposed skin immediately after chemical contact, before breaks and meals, and at the end of each work period. Contaminated clothing and shoes should be thoroughly cleaned before reuse.

Technical measures and Storage conditions: Keep container closed when not in use.
Store in a cool, dry, ventilated area away from sources of heat, moisture, and incompatible substances. Protect container from physical damage.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Workplace exposure limits:

Ingredient	CAS	Description	ppm	mg/m3	Reference

Exposure Controls

Respiratory Protection: Avoid breathing vapour. Respiratory protection is not required during normal operations where ventilation is sufficient.

Hand Protection: Avoid skin contact. Use chemically resistant gloves.

General Protection: Follow good manufacturing practices for personal hygiene. Wash any exposed skin immediately after chemical contact, before breaks and meals, and at the end of each work period.

Engineering Controls: Ensure that eyewash stations and safety showers are proximal to the workstation Location. Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapours below their respective threshold limit value.

Eye Protection: Avoid eye contact. Use safety glasses with side shield or goggles. Use chemical safety goggles and/or a full-face shield where splashing is possible. Maintain eye wash fountain and quick-drench facilities in work area.

Skin Protection: Avoid skin contact. Wear clothing that provides comprehensive protection to the skin. Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Clear liquid
Colour: Very pale straw
Aroma/Odour: Lemon Lime slight minty
pH: Not determined
Initial boiling point/range: Not determined
Flash Point (closed cup test): = 51.0 °C
Vapour pressure: Not determined
Refractive Index: 1.463 – 1.483
Specific Gravity (20°C/20°C): 0.897 - 0.917
Solubility(ies): Not determined
Other information: None available

10. STABILITY AND REACTIVITY

Reactivity Hazards: No dangerous reaction known under conditions of normal use.

Chemical Stability: Stable under ordinary conditions of use and storage.

Hazardous Reactions: No dangerous reaction known under conditions of normal use.

Conditions to Avoid: Heat, flames, ignition sources and incompatibles.

Incompatibles: None known.

Hazardous Decomposition Products: Not expected. Stable under ordinary conditions of use and storage.

11. TOXICOLOGICAL INFORMATION

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in the UN GHS.

Information about hazardous Ingredients in the Mixture:

Ingredient	CAS	EC	LD50/ATE Oral	LD50/ATE Dermal	LC50/ATE Inhalation	LC50 Route

12. ECOLOGICAL INFORMATION

Environmental Toxicity:	No specific ecological information is available for this product. Avoid contaminating the soil as well as surface and ground water.
Persistence and degradability:	No specific ecological information is available for this product. Avoid contaminating the soil as well as surface and ground water.
Bioaccumulative Potential:	No specific ecological information is available for this product. Avoid contaminating the soil as well as surface and ground water.
Mobility in soil:	No specific ecological information is available for this product. Avoid contaminating the soil as well as surface and ground water.
PBT and vPvB Assessment:	This mixture does not contain any substances that are assessed to be a PBT or a vPvB.
Other Adverse Effects:	None

13. DISPOSAL CONSIDERATIONS

Disposal:	Dispose of according to local regulations. Avoid disposing into drainage systems and into the environment.

14. TRANSPORT INFORMATION

UN Number:	1993
UN Proper Shipping Name:	Flammable Liquid, n.o.s.
Transport Hazard Class(es):	3
Sub Risk:	None
Packing Group:	III
Environmental Hazards:	No
Special Precautions for user:	None
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:	None
ADR/RID:	Tunnel Restriction Code: (D/E) Digit Of Hazard Label: 3 Classification Code: F1
IMDG:	EmS: F-E, S-E

15. REGULATORY INFORMATION

Classification of Mixtures According to GHS:	No Further Data Available
National Regulations:	No Further Information

16. OTHER INFORMATION

Revisions: Revision 1.8 (November 2019)
